

# QuantumTech – Starter Product List

## Purpose of This Document

This document defines the initial 6–8 tech products selected for QuantumTech. These products are chosen based on demand in Pakistan, ease of shipping via TCS, low return rate, and suitability for a halal inventory-based business model.

## Product Selection Criteria

- 1 Easy to understand and explain
- 2 Physically owned before sale (halal model)
- 3 Lightweight and easy to ship
- 4 Low chances of defect and returns
- 5 Affordable for students and young professionals
- 6 Steady daily-use demand

## Final Starter Products (6–8 Items)

- 1 **Fast Charging Cable (Type-C / Lightning)**  
Braided, high-speed charging cable for daily phone and laptop use.
- 2 **Adjustable Mobile Phone Stand**  
Foldable stand for online classes, video calls, and media viewing.
- 3 **Wireless Mouse (Basic Office Use)**  
Simple USB wireless mouse suitable for students and office work.
- 4 **Laptop Cooling Pad (Slim Model)**  
Helps reduce laptop heating, especially useful in warm environments.
- 5 **Desktop Cable / Desk Organizer**  
Keeps workspace clean by organizing cables and accessories.
- 6 **Power Bank (10,000 mAh – Verified Capacity)**  
Portable charging solution for daily use (only genuine capacity).
- 7 **Bluetooth Earbuds (Optional – Quality Tested)**  
One reliable model with acceptable microphone and battery.
- 8 **Laptop Sleeve / Bag (Optional)**  
Lightweight protective sleeve for laptops.

## Important Notes

- 1 Only small quantities will be purchased initially.
- 2 Products must be checked physically before being listed.
- 3 No fake branding or exaggerated specifications will be used.
- 4 Unsold or problematic products will be removed instead of forced selling.

## **Conclusion**

This starter product list is designed to build operational experience, customer trust, and a clean halal business foundation. Products may change later based on real customer feedback and sales performance.
